PONDS EXTRACT

There is only ONE POND'S EXTRACT, and everybody knows its purity, strength and great medicinal value. Don't take the weak, watery Witch Hazel preparations represented to be "the same as" POND'S EXTRACT. They generally contain "wood alcohol," which irritates the skin, and, taken internally, is a deadly poison. Get genuine POND'S EXTRACT, sold ONLY in SEALED bottles, in BUFF wrappers.

FRATERNAL NEWS OF THE WEEK.

Interesting Meetings Held in Many of the Lodgerooms--- Future Events.

Below will be found a summary of the principal events in the fraternal world during the past week.

Native Daughters.

Aloha Parlor, N. D. G. W., does not seem to tire of entertainments. It has given a number of enjoyable evenings, and each of them seems to be on a more elaborate scale and to afford even more pleasure than its predecessor. Such was the estimate formed of the evening's diversion on Tuesday last, when the attendance was the most select of the season. The hall was decorated with exceeding taste, national colors and an abundance of leafage being employed in the work.

The program had been carefully prepared and all the numbers showed by the excellent manner in which they had been rendered the discriminating taste of the committee of arrangements. Miss Lavina Chapman gave two recitations, which were rendered to the satisfaction of all present. Humorous recitations were delivered by Prof. George Colvert. A piano solo was excellently rendered by Miss Ayden of Golden Gate and a vocal solo was charmingly sung by Miss Hawn.

Dancing followed and was enjoyed to the utmost by those from this city and the guests from Alameda and San Francisco, who were present in large numbers.

Piedmont Parlor No. 87, N. D. G. W., is making arrangements for a high jinks, which will take place in the near future.

A farce will be presented by the members and a thoroughly enjoyable time is anticipated.

This parlor is in a very flourishing condition, having nearly one hundred names on its membership rolls.

Eastern Star.

Oak Leaf Chapter, No. 8, O. E. S., will give a summer girls' party Thursday evening, October 25.

A very fine musical program has been arranged, as also a dance and banquet.

The committee has spared nothing to make the party one long to be remembered.

GRAND CHAPLAIN.

At the last meeting of the Grand Chapter, O. E. S., in San Jose, last week, Miss Adah Dalton of this city was elected grand chaplain of the order.

At Odd Fellows' Hall, Eleventh and Franklin streets, Monday evening, Fountain Lodge spent a very pleasant evening. N. G. J. F. Rasmussen returned from Redding and reported a splendid time, marred only by the rainy weather.

Oakland General Relief Committee, I. O. O. F., paid a fraternal visit to Fountain Lodge and related some instructive and entertaining things that happen in connection with their work.

Next Monday evening Brother Dave Tisch will introduce some new resolutions in regard to change of by-laws.

A New Union.

The switchmen employed at the West Oakland yards have organized a branch of the Switchmen's Union of North America, under the name of Golden Gate Lodge No. 158. The following are the officers for the ensuing year. Past Master, G. H. Rowand; master, J. E. Taylor; vice master, C. H. Jennings; chaplain, J. Twomey, secretary, L. Byers; financier, Parker Robinson; guard, William Craig; conductor, W. Badger.

Woman's Relief Corps

Lyon Relief Corps will be inspected by Past National President Mrs. Elizabeth De Arey Kinne Tuesday evening, November 27.

It is the duty of every member to be present from this time until the inspection takes place.

The Lyon Corps has stood second to none in the past. Practice makes perfect, and attention is considered necessary if the corps wishes to hold its present standing.

Every member therefore is requested to attend the meetings hereafter.

Maccabees

Oakland Tent No. 17, K. O. T. M., held a very interesting and enthusiastic review at Loring Hall, corner of Eleventh and Clay streets, a few nights ago.

Fifteen applications were presented for membership and passed on fav. A large class being present for initiation, the members were conducted through the mysteries of Maccabeeism.

The next review will include an open house for the Lady Maccabees and friends, when an interesting program will be rendered. Dancing will follow.

Foresters.

Athletics in the Foresters have taken new life, and the gymnasium promises to be well patronized on class nights. The directors have secured the services of Harry N. Gelder and Charles Tye. They will have charge of the classes in athletics. Mr. Gelder is a prominent all-around gymnast and athlete, and is at present the feather-weight champion in wrestling on the Pacific coast. Mr. Tye has had wide experience as a boxer, and is considered one of the cleverest boxers on the Pacific coast. Class nights are on Tuesday and Friday; for juveniles on Wednesday afternoon and Saturday morning. Mr. Gelder is to have charge of the juvenile classes.

Masonic.

The third degree will be conferred in the hall of Live Oak Lodge No. 61, F. & A. M., to-morrow evening.

BROOKLYN LODGE.

Brooklyn Lodge No. 225, F. & A. M., at East Oakland, will confer the third degree Tuesday evening, October 30.

Modern Trojans.

The activity recently inaugurated among the lodges of Modern Trojans shows no signs of abatement. Indeed the order is steadily increasing, and the membership is growing at a very pleasing rate. Especial effort has been made, of late, to make the meetings of the different lodges more interesting and attractive, and with notably a successful result. There is a greatly increased attendance on the part of the members, who now seem to feel that they require a pretty good excuse to remain away from lodge meetings.

The social dance given by El Capitan Lodge No. 11, of East Oakland, last Thursday night, was a great success. About 200 people participated in the affair, and during the evening eleven of the invited guests signed applications for membership in the lodge.

A large number of Oakland Trojans attended the dance given by Hector Lodge, No. 10, at Odd Fellows' Hall, San Francisco, last night. Hector Lodge is as lively as those on this side of the bay, and its roster is rapidly increasing.

The greatest event known for a long time in Trojan circles was the entertainment, ball and banquet given by Vallejo Lodge, No. 15, last Saturday night. About sixty members of the Oakland, Berkeley and San Francisco lodges were entertained by the Vallejo brothers in royal style, the local organization covering itself with glory with its generous and graceful hospitality. The banquet served was pronounced the finest ever given in Vallejo. It would have been a credit to the metropolis. Hector lodge, by the way, has had a most gratifying growth, over forty new members having been added thus far this month.

Berkeley Lodge, No. 5 is making preparations for a Hallowe'en party for next Thursday night. A very nice program is assured. Visiting members are expected in large numbers, as the entertainments given by Berkeley Lodge always have great drawing power.

Athens Lodge, No. 9, of Oakland, held a very interesting meeting last night, when sixty members were present. There were three new members initiated and four applications for membership. Twenty-five members of this lodge were present at the Trojan rally at Vallejo last Saturday night, a larger representation than that of any other lodge, with Berkeley a good second, with twenty-two members.

Alpha Lodge No. 1, of Oakland, is in a very thriving condition, and its membership is steadily increasing. At last Tuesday night's meeting, three new candidates were initiated and several old members who had dropped out were reinstated. The next special event in the entertainments given by this lodge will be in the nature of a fancy dress party at California hall next Tuesday night. Dancing will be followed by a banquet.

Odd Fellows.

Harbor Lodge No. 253, I. O. O. F., held its regular weekly meeting last evening.

After the business of the lodge had been attended to, the noble grand announced that a committee had been appointed at the last meeting to prepare an entertainment for the members commemorative of the twenty-fourth birthday of Harbor Lodge. This was a surprise to quite a number of brothers.

The committee reported everything in readiness in the banquet room to which the lodge adjourned.

Past Grand W. J. Faunt as master-of-ceremonies, in a short speech of welcome, stated that the committee thought to have a celebration only among the members of Harbor Lodge who should happen to attend the meeting. He was agreeably surprised as well as pleased to see the large attendance of members, there being forty or forty-five members of Harbor Lodge and eleven visitors in attendance. Three tables had been spread with the good things of life, to which all were invited. Pipes and tobacco were then passed around to all who wished to smoke.

The entertainment part was commenced by several well rendered pieces on the graphophone. The toast "Harbor Lodge in the Past," was responded to by P. G. Robert Yates; recitation, "Notes Taken By The Wayside" by P. G. F. E. Burger; remarks, "Prosperity of District No. 61," District Deputy, M. H. Morse; song, by Brother H. W. Miller; a few items from the secretary, P. G. F. L. Gove; remarks, "Harbor Lodge at Present," P. G. James Rye; remarks, "Odd Fellowship in General," by P. G. David Tisch; "Harbor Lodge in The Future" by P. G. C. T. Johns; remarks on "Good of the Order" by N. G. M. T. Holcomb of University Lodge.

The graphophone filled up the intervals with selections from the popular songs of the day under the direction of Brothers W. A. Kahrs and W. T. Crossman. It was midnight before the festivities ceased.

During the business session, a letter was read from the Grand Master in reference to relief of Odd Fellows of Galveston. On motion, a check for twenty-five dollars was ordered drawn on the treasury of Harbor Lodge and forwarded to the relief of brother Odd Fellows at Galveston.

Harbor Lodge was instituted Wednesday evening, October 18, 1876, with twenty-three charter members. It now has 176 active members. During its twenty-four years of life it has relieved 452 brothers in time of sickness. It has paid out $20,843.10 on account of sick benefits, $2,553.51 on account of funeral benefits, $1,327.45 in charity and relief of widows and orphans, making a grand total of $24,724.06.

The by-laws will engross the attention of the members at the next meeting. Work is also on hand for the initiatory degree.

Royal Neighbors.

Speaking of a new lodge, a new order, and the efforts of an Oakland woman to establish them, the Stockton Mail says:

"A camp of the Royal Neighbors of America was organized in this city on Saturday evening. The camp is composed of lady relatives of the Modern Woodmen of America. Mrs. N. B. Elgie, the district deputy, has been here some time, working up the order, and has secured twenty names for beneficiary certificates and over thirty for social membership. Mrs. Ella R. Harris of Oakland, the State deputy supreme oracle, instructed the members present in the ritualistic work and also drilled them on floor work. The following named are the officers: Oracle, Mrs. Inger Colwell; vice-oracle, Mrs. L. L. Page; chancellor, Mrs. Jane Williamson; recorder, Miss Stella M. Dillon; receiver, Mrs. M. Heckt; marshals, Miss Mary A. Ward and Miss Effie L. Dillon; inner sentinel, Mrs. G. Austin; outer sentinel, Mrs. E. M. Jenks; managers, A. W. Hollis, Mrs. Ada M. Roleson, and Mrs. Martha S. Heck; physicians, S. E. Latta and George D. Campbell.

Rebekahs.

The last session of Brooklyn Lodge was particularly interesting. The following grand officers were present: Caroline A. Hoxett, vice president, of Gilroy; Mary E. Donoho, grand secretary, San Francisco; Ada Madsen, grand marshal, San Diego; Annie M. Liere, grand treasurer, Oakland; Mary A. Hawley, past president, San Francisco; Fannie Jones, grand president, Arizona; and a large number from Fair Oaks, Golden Link and Sunset lodges.

The initiatory work was performed in a very creditable manner, and received much praise from the grand officers.

The work was perfect. The lodge is proud of its officers.

Refreshments were served in the banquet hall. All present spent a pleasant evening.

ABSIT INVIDIA LODGE.

Absit Invidia Rebekah Lodge, No. 11, I. O. O. F., held its regular Tuesday evening meeting at Enterprise hall, corner Twenty-second and Grove streets.

The evening was spent in games and dancing, Sister Millie Baker carrying off the prize of a beautiful gold pin given by the committee.

The attraction committee for next Tuesday is composed of Sisters Baker and Bauntrager. All are welcome.

GOLDEN LINK.

Golden Link Rebekah Lodge, No. 105, I. O. O. F., held its regular weekly meeting at Masonic Hall, Fruitvale, last Wednesday evening. The noble grand then appointed Sister Winifred Campbell warden, and Sister Pearl Hoover as left supporter to the vice-grand. The district deputy president being present, the officers were installed.

District Deputy Sister Stein of Alameda made some very interesting and instructive remarks.

Wednesday evening, October 31, Golden Link Lodge will hold a home social.

The lodge closed and the members served coffee and cake.

SUNSET LODGE.

Sunset Lodge held its regular weekly meeting last Friday evening at Bartlett hall, West Oakland. Quite a large number of visitors was present from different parts of California, including District Deputy President, Sister Carl.

After the general routine business was gone through with, the members were invited to the banquet hall, where a supper was served. Speeches were made in honor of the noble grand's birthday. The lodge initiated one candidate.

Rathbone Sisters.

The meeting of Loyal Temple No. 47, Rathbone Sisters, last Friday night, was one that will long be remembered by those present.

After the regular business Brother and Sister P. J. Ryan were introduced and enrolled. A hearty welcome was extended to them by all. After the close of the meeting, the social committee took charge, and then the fun began. The new and novel game of peanuts was introduced, and Sister Stamper carried off first prize, Sisters Ryan and Jones the second and third respectively.

Refreshments were served, Brother George Samuels donating a handsome cake that he had just fallen heir to by chance.

Brother Herrick followed the instructions of the committee and brought his appetite with him.

Brother Schwarzbaum sampled every cake in sight and pronounced them all good.

Brother Ryan was so surprised at the reception tendered him that he could do nothing but smile. Several new applications will be acted on to-morrow night.

FRATERNAL MEETINGS.

There will be a meeting of the Circle of Women of Woodcraft, a branch of the Woodmen of the World, to-morrow night in Masonic Hall to complete the organization. At least a hundred members are expected to be present. Officers will be chosen and other important business will be transacted. Some of the young ladies who are talked of for officers are. During the evening, music, dancing, etc. will entertain the guests, while, during the time spent at the festive board, toasts and speeches will be given.

The Degree Team will also exemplify the floor-work for the benefit of the Circle's Team.

The ladies who are to take part in the farce to be given November 10 are working hard and, at their last rehearsal, went through their parts perfectly. Present indications point to a most enjoyable entertainment for that evening, after which dancing will be indulged in until midnight. Many tickets have been disposed of by the circle.

Companions of the Forest.

Pride of the Forest Circle No. 122 C. O. F., met as usual at Pythian Hall last Friday evening.

Four new members were initiated and as many more will be initiated next Friday evening.

After every meeting, the lodge has music and dancing until a late hour. It will give a masquerade ball on the 8th of November at Pythian Hall, Twelfth and Franklin streets. Everybody is welcome.

The Maccabees.

The ladies of the Oakland Hive, No. 14, L. O. T. M. are much pleased with the success of the social features of their Hive. The "Theater Party" in which they were interested a short time ago was a pronounced success in every way, netting the Hive a handsome cash balance.

In addition to the regular "Home Social" given once a month the ladies have instituted for another evening of the month a social feature to be known as "Gentleman's Night."

"These socials will be held the second Friday evening of each month, the first of which for the season, was given two weeks ago, and was thoroughly enjoyed by all who were in attendance.

X-RAY X-RAY X-RAY

The Knife and Drugs are no longer factors in the treatment of diseases. They belong to another age, and today the up-to-date practitioner who is scientifically advanced in X-RAY applications in connection with Static and Faradic Electricity is a master of his art. CONSUMPTION is no longer a dread disease. The Medical Faculty of Paris, France, has now fully endorsed the latest cure for tuberculosis as specific and we have been treating hundreds of cases successfully since the early part of this year. The treatment consists of transfusion of microbe destroying drugs by means of Static Electric Currents passed through the patient's chest and lungs. (See S. F. Chronicle, page 2, Sept. 3, 1900). CANCER—It is now an accepted fact and acknowledged among the profession, that Cancer is positively cured and absolutely eradicated by the application of the X RAY in combination with the above treatment. A trial will convince the most skeptical. We are curing at our Laboratory many cases daily.

Old Nick Van Stan, that happy man
Who lived in Holland years ago,
(And lives there yet), walked down the street
In search of something good to eat;
And this is what he chanced to meet
Hung on a Tavern: "Eet H-O."

It promised much—because his Dutch
The simple legend did not know;
For things we cannot understand
Appear proportionately grand,
Therefore he entered quickly, and
Inquired the meaning of H-O.

Within, the Host who liked it most
To fill his guests with genial glow,
The old brought to Nick Van Stan;
And when to eat it he began
He shouted: "Donner Blitzen, man!
Oxceeding goot ish dot H-O."

And Nick Van Stan—that happy man
Enjoyed the toothsome porridge so
That he informed his host with zest
That he would let the mortgage rest
Provided—when he was a guest—
They'd serve him always with H-O.

In Holland
or any other country,
H-O (Hornby's Steam Cooked Oatmeal)
is conceded by all to be
the most nutritious
and palatable oat food.
Its excellence is particularly demonstrated
in cases of invalids or children
when capricious appetites
must be catered to—
as well as in every-day eating.

It is called H-O (Havermout)
in the Netherlands.

would not have been half the trouble to its mother and the nurse if its new home had been fitted out with all the conveniences and comforts that can be had if only gas is utilized.

THURSDAY.................OCTOBER 25, 1900

When Shakespeare wrote "A young man married is a man that's marred" could he have been making any subtle allusion to his mother-in-law?

Dick Croker, the Tammany chieftain, announces that he intends to suppress vice in New York. This looks as if he has some new scheme to get more money out of it.

The San Francisco papers chronicle the arrival of another divine healer in town. He has figured out his itinerary in good shape—"healers" are in great demand across the bay on election day.

A New York bank teller has disappeared and after an examination of his accounts it is stated that he is short. They will have to give a better description than that of him, though, unless they expect a Conan Doyle to be put on his trail.

Those permanent Peace Commissioners appointed as the outcome of the conference at The Hague ought to get to work and see if they cannot head off the impending trouble between the powers as regards China. What is the matter with getting up a grand international lottery and letting some lucky nation win the Empire? It might not be the most moral way possible of disposing of the matter, but it certainly would be a thousand times more preferable even on that score than war.

The Democratic papers are making quite a to-do over the fact that the odds against Bryan in New York are now only 4 to 1 instead of 5 to 1 and are endeavoring to impart a victorious flavor to the announcement. They seem to overlook that in betting circles when there are only two contestants and the odds are 3 to 1 or more in favor of either of them, about the only chance the short end is figured to have is that his opponent will drop dead or some other such unexpected contingency occur.

THE TERRITORIAL THEORY

The census shows that Arizona has doubled its population in the past ten years, and now has good grounds upon which to appear before Congress and ask for admission to Statehood. Arizona's progress is a complete refutation of the wild declarations of the Democracy that in holding the Philippines we are favoring a policy of "imperialism" and encouraging a condition which tolerates the holding of colonies "half free and half slave." This is the worst kind of tommyrot and Arizona stands as one instance only out of a score of other territories which have been admitted into the full communion of Statehood. As every school child knows, the people of Arizona have no voice in the election of a President, and their representative in Congress has no vote on any question. He is regarded merely as an agent to represent the people of his territory. The Governor of the territory and the other officers are Presidential appointees in whose selection the people have no say. The judiciary to an extent is appointive, and altogether the residents of the territories have merely the privilege of municipal legislation and are totally debarred from taking any part in national affairs.

New Mexico, like Arizona, is growing apace and with Alaska forms the last territories acquired after the Mexican war which still remain under a species of tutelage. No one, however, advocates for an instant that Alaska with its sparse population ought to be admitted at this time as a State. Even with the Democracy in full swing at the National Capital no argument of imperialism was advanced to rush Arizona and New Mexico into the Land of Statehood. In the case of New Mexico it has up to now been agreed that the majority of its population being composed of Spanish, Mexican and mixed bloods it would be unsafe to admit it into the Union as its people could not be expected to have reached that condition of political training which would make it safe to entrust to their charge the well being of a distinctive commonwealth with free and absolute control of its own affairs. Arizona now possesses the requisite population and has reached that stage of development which practically entitles it to be admitted into the Union. If these territories have progressed and prospered under the "half free and half slave" theory and though a great number of their inhabitants have been and are full fledged American citizens and have been debarred from the privilege of participating in national affairs, it stands to reason that no wrong is being done nor any injury inflicted on the peoples of the islands acquired from Spain if we extend to them the same conditions which prevail under our territorial form of government, which, by the way, is of Democratic origin.

Most of the great States were held as territories long before being admitted to the Union, and it appears as the falsest of logic that at this late day the party in power should be called to account and charged with imperialism for following in the footsteps of a long line of precedents as to dealing with territorial acquisitions. It would be rank injustice to admit a sparsely settled section as a full fledged State, but greater still would have been the folly if in following population. Conditions in Hawaii show that it is making more rapid progress as a territory than it ever did in the palmy days of its royalty, and what can be done there will surely find a counterpart in the Philippines when the rebel party comes to the conclusion that honest industry is preferable and pays better in the long run than freebooting.

FISCAL FOLLIES.

The change of a fiscal system by any government is always accompanied by grave dangers, especially so as regards the operations of foreign trade. It required ten years of most careful diplomacy on the part of the Japanese statesmen to place that country upon a gold basis, and it necessitated the conservation of all the financial resources of that empire in the most prosperous period of its history to effect the change without creating serious disturbances.

Japan had long suffered beneath the burden of being on a silver basis. It purchased its supplies from foreign nations with gold and sold for silver what it exported. It lost fast and steadily in such a game of trade, and at last those in authority were awakened to the burdensome conditions under which the country was laboring and at once set to work on a plan to establish the gold standard. It required time and patience to do so, and even then it was not accomplished without a jar, and several years passed before the finances of the country absolutely recovered their equilibrium.

Japan's entire trade and its industries and business enterprises are not a hundredth part as great as those of this country. Yet if Bryan had the opportunity he would do with one fiat what even the semi-civilized statesmen of the Orient required years to accomplish. Furthermore, his task would be a thousand times more difficult than theirs was, for whereas they changed from a debased coinage to the accepted standard of civilization, he wants to exactly reverse this order of things. It is true that he is not making the issue the outspoken one of his campaign, but every one who knows the man and his beliefs and who has watched his movements and public utterances during the past four years is fully satisfied that it is the great underlying principle of his political career. When, during the period a few months ago that the various State platforms were being prepared for this campaign, the silver issue was considered by the party leaders, Bryan made personal appeals that it be not ignored and ought, in truth, to secure it as one of the principal features of the canvass and the fact that it was sidetracked rather than made prominent does not express his position in the matter but rather that the wise men of his own faith realized that it would be party suicide to permit him to have his fling on the subject.

Bryan, however, remains the acknowledged free silver champion and undoubtedly always will be as long as he is in public life. He represents it just as much as Judge Maguire did the single tax theories in the last gubernatorial campaign, and despite the efforts of his friends to hide the fact the people are alive to the true inwardness of the situation. Four years ago they declared that they did not want free silver and they will reiterate it again this fall in a manner that will bury Bryan and his hobby-horse far out of sight for all time to come.

WE WANT IT SOLID.

While the average Republican is bending his energies to secure the continuation of McKinley at the head of affairs, many are prone to overlook the importance of likewise using their best efforts to obtain the election of Congressional representatives who are in accord with the policy of the Administration. Though it is of the greatest moment to continue the present governmental policy, it would be a fruitless victory were a majority of Congress to be composed of those inimical to a Republican executive.

For the first time in the political history of this State there is an opportunity to send a solid Republican delegation to Congress. Both of the United States Senators are of that political persuasion and in nearly all the districts the nominees of the party have bright prospects of election. In this, the Third District, no doubt whatever can be entertained as to Metcalf's re-election, but such happy conditions do not exist in one or two other parts of the State where the Congressional competition is very close. It behooves Republicans to use every effort, therefore, at this time to secure an unbroken delegation. This State has much to ask for in the way of harbor and river improvements, Federal buildings and other betterments which our increasing population and the demands of our growing commerce render imperative. Heretofore we have been hampered by mixed representation in Congress. One or more of the members have been of opposite political creed, and in consequence there has not existed that harmony of action and force of influence which will be the case if at the next session all the Congressmen are Republicans. With both houses in accord with the Administration and California listed as a solid Republican State we can ask for much from the Federal exchequer and can feel well assured that our appeals will not be met with deaf ears.

Swagger Enough for an Official.

A well-known Scottish laird, who is pompous in manner and never forgets that he is a laird, was the other day walking up and down the Dundee platform of the Perth general station just before taking his seat in the train.

At that moment a hot and perspiring countryman rushed onto the platform and said to the laird:

"Is this the Dundee train?"
The laird coldly remarked:
"I am not the station-master."
The other man at once retorted:
"Then, confound ye, sir, what for dae ye swagger about there as if ye were?"—London Spare Moments.

GIVES ADVICE.

Tells the Young Men of the City of Oakland How to Succeed in Life.

A most instructive and impressive lecture was delivered last night to the members of the Oakland Educational and Savings Society by John A. Britton, president of the Oakland Gas, Light and Heat Company. According to Mr. Britton it was "heart to heart talk." It was one of those discussions that appeals to the intellect and is calculated to make better men of all who profit by its lessons.

"To thine own self be true," was the basis of Mr. Britton's remarks. His subject was the young man in business." In substance Mr. Britton said:

"It is true that I am called a young man and I feel so except when I have to tackle my own young man at home. Then I appreciate that I am the old man and he is the young one.

"I must congratulate you upon your organization and your desire to profit by the experience of those who have battled with life's hardships and enjoyed life's pleasures.

"Let me tell you that I am here after the young man who is always seeking the one thing he can not get—always aiming higher and higher.

"In climbing the ladder of fame don't lose sight of the round that helps you. This is one of the reasons why our churches are not better filled. If you are a Catholic or a Protestant, be a good one, otherwise your efforts will be unavailing.

"I want you to feel that this is a heart to heart talk in every sense of the word. I want you to feel that I just dropped in, had a word to say and that is all.

"'To thine own self be true.'

"That embodies all the rules and principles that go to make up a successful business man.

"But getting away from the truths of Shakespeare, I presume you want to know of the successful business men of the nineteenth century.

"I hope you will all be successful. You deserve it. Those who tear themselves away from the frivolities of life even for one evening deserve to succeed.

"The young man who starts out in life expecting that a position has been prepared for him makes a mistake. He should always bear in mind that he must make a position for himself and fit himself for it.

"The young man who thinks he knows it all is not a success. He makes his first mistake when he gets the idea in his head.

"Be satisfied with your position however humble it may be. That is the first step toward success. The next is to be absolutely obedient to the powers that control you. A feeling of too much independence is what ruins most of the young men of today. Even skilled labor must learn to obey.

"The right way to success has been blazoned for you, the wrong way is devious.

"Besides the rules I have mentioned punctuality should not be overlooked. The clerk who shows the interest of being on time is the one who reaches the top. The successful man of the day is he who has no hours, who takes an interest in the business of his employer.

"The coal miners of the Pennsylvania regions are not successful business men. They are striking, and for what? Only for more time that they can devote to idleness.

"Frequently young men make a mistake in following a business not suited to them. My advice is not to try to fit a square post into a round hole. Don't be afraid to be independent in that respect. There is work for all who seek for it.

"You cannot achieve success without obeying the moral laws. Your Sundays should be devoted to physical rest.

"Don't allow your success to make you sordid. Give time to pleasure. I would not give a snap for the young man or boy who did not have the desire to run, to throw something, to hit somebody sometime. But do not get into frivolous ways.

"When you start out in life with a purpose stay with it.

"The men of today who are prominent are those past middle age. As to myself, I have been 26 years in my present business. It took me 20 years to get anywhere near the top. At times I felt discouraged but I stayed with it and feel that I have received my reward.

"Let me impress upon you that the most important thing in business life is truth. It is the foundation of every virtue. It means that whatever you say to your fellow man he can bank on it. Man's capital is his word, and the man who has kept his word is the successful business man.

"Make no promises that you can not perform, make no more promises than you can possibly help, but those that you do make keep.

"This is not an age for kid glove men. What is wanted are men of muscle, brawn and brains. Never forget the future. Don't let everything cloud your duty to your fellow man and God.

"The successful man is not the one who has a big bank account but he who has the respect of his fellow men.

"What I have said is from the heart, earnestly said but not studiedly, and in closing let me repeat and impress upon you, 'To thine own self be true.'"

UNCLE SAM AN IMPERIALIST.

A Little History for the Bryanites to Digest.

Editor Tribune—The history of these United States reveals the fact, that "Uncle Sam" has, from the very organization of the Federal Government, been an "imperialistic expansionist!" In fact, there is not a nation on the globe that can show a greater expansion during the past century.

Leaving out of the calculation the territory which was added to the thirteen original States by admission as States—the territory east of the Mississippi river, which was claimed at the time of the Federal Union to be embraced in the limits of the new nation—we have the following "imperialistic" additions from "expansion," every one, except Alaska, being under Democratic "expansion," to the credit of that party.

First—The Louisiana purchase from France, in 1803, and absorbed by the United States without the knowledge or consent of the people of the territory, and ruled and governed without their voice or consent, from which have been carved out, and admitted to the Union, the following States, to-wit:

1. Louisiana, admitted April 3, 1812;
2. Missouri, admitted August 10, 1821;
3. Arkansas, admitted June 15, 1836;
4. Iowa, admitted December 28, 1846;
5. Minnesota, admitted May 11, 1858;
6. Kansas, admitted January 29, 1861;
7. Nebraska, admitted March 1, 1867;
8. Colorado, admitted August 1, 1876;
9. North Dakota, admitted November 2, 1889;
10. South Dakota, admitted November 2, 1889;
11. Montana, admitted November 8, 1889;
12. Wyoming, admitted July 10, 1890.

Twelve States, governed "imperialistically" for periods ranging from nine to eighty-seven years—and nobody howled "imperialism!" That was left for Mr. Hoar to discover, and Bryan to adopt to distract and divert attention from his 16 to 1 heresy, and give his campaign a lift out of the political slough in which it was mired.

Second—There was the Florida purchase from Spain, without the consent of the people purchased, which territory was governed by the Federal Government until it was admitted into the Union as a State, March 5th, 1845.

Third—There was the territory taken from Mexico at the close of the Mexican War, and governed and controlled by the United States, "imperialistically," without the consent of the governed, or even asking their consent; from which was carved the following States:

1. California, admitted as a State Sept. 9, 1850;
2. Nevada, admitted as a State Oct. 31, 1867;
3. Utah, admitted as a State January, 1896.

Besides Arizona and New Mexico, still governed by this "imperialistic" Government of the United States.

Fourth—There was found lying around loose, a large territory, which this "imperialistic" Government of the United States preempted, without the consent, or asking the consent of the people thereof, organized a territorial government, and afterward carved it into three States, and admitted them into the Union, as follows:

1. Oregon, admitted as a State, July 14, 1859;
2. Washington, admitted as a State, Nov. 11, 1889;
3. Idaho, admitted as a State, July 3, 1890.

The area of the above "imperialized" States is 1,9[illegible] square miles not counting Alaska! What a consumate "imperialist" Uncle Sam has been and now is! But he seems as modest as when he controlled the little territory of thirteen States on the shores of the stormy Atlantic Coast.

The fact is, every man in this great nation is a king—and every woman a queen. The imperialistic people rule, Bryan to the contrary notwithstanding.

"Good Advertising

is printing something in some form or other that will get people to visit your store. That is the beginning of good advertising, but it is really the smallest part of it. Good advertising is treating customers right after you get them—giving them absolute satisfaction—spending every human energy to please them—accepting no pay from them until they feel right down in their very bones that they have got the worth of their money." This is the statement of a standard authority, and it clearly explains why customers come back to the Lace House again and again.

Heron, Harry F. Gordon, John L. Howard, James K. Moffitt, M. J. Keller and Gratz K. Brown. Mr. Fairchild, one of the oldest contractors in California, with fifteen years' experience at this particular line of business, will be president of the new company. Mr Brown, also a contractor of long experience, is to be secretary and treasurer, and George R. Wilton, who has spent many years in the practical work of laying asphalt pavements, will be superintendent. The company has offices in the Macdonough building and will soon be ready to enter the local field of business. The popularity of asphalt pavements and the fact that many of Oakland's streets are in a frightful condition should give the new company all the work it can attend to.

STARTS WITH A COLD.

Catarrh is a Lingering Cold, Which Refuses to Yield to Ordinary Treatment.

Catarrh usually starts with a cold in the head, and if left unchecked in this climate rarely gets well of itself.

As fresh cold is taken the disease spreads, getting deeper and deeper, creeping along the mucous membranes from nose to throat, from throat to windpipe, from windpipe to bronchial tubes, and from bronchial tubes to lung cells.

The mucous membranes all connect, one with another. Hence it is easy to spread from one part to another lined with the same membrane. This is why catarrh in the head soon affects the throat and finally the stomach itself, bringing on chronic catarrh of the stomach, which is a most obstinate form of dyspepsia.

Everybody is now well agreed that catarrh is a blood disease and not a local one, and the attempt to cure by local applications simply gives temporary relief from the purely local symptoms without the remotest effect in staying the progress of the disease.

There is a new preparation recently offered to the public that is apparently destined to do away with every other form of catarrh treatment.

This new remedy is not a secret patent medicine, but is a large, pleasant tasting tablet composed of Sanguinaria, Hydrastin, Guaiacol, Eucalyptol and other valuable and harmless specifics, which are taken into the stomach and seem to have a remarkably beneficial effect upon the blood and mucous membranes, apparently eliminating the catarrhal poison from the whole system.

These tablets, while being pleasant, convenient and absolutely safe to use, have made cures in long standing cases of catarrh that are little short of marvelous. They are sold by druggists under name of Stuart's Catarrh Tablets, and any catarrh sufferer who has tried inhalers, lotions, ointments, salves, etc., and realized their inconvenience and uselessness, will fully appreciate the difference between a mere palliative and a permanent cure after giving Stuart's Catarrh Tablets an impartial trial.

All druggists sell them at 50 cents for full sized package, and no matter where the catarrh is located, in the head, throat, lungs or stomach, Stuart's Catarrh Tablets will surprise you with the effective results of even a few days use.

GERMAN LADIES HAVE A FAIR.

Propose to Raise the Mortgage From Germania Hall.

For some time past there has been a mortgage of several thousand dollars hanging over Germania Hall, which is under the management of the Oakland Turn Verein. It is the intention of the organization to raise this indebtedness and with that end in view a fair on a large and varied scale was opened in the hall last night.

The festivity will continue for several nights, during which time there will be sufficient amusement to satisfy the tastes of all patrons in the matter of entertainment.

The hall showed up in a most attractive manner, owing to the bright colors of the decorations and the more winsome features of the ladies in charge of the various booths and the special agents under their direction who solicited, small investments in all parts of the house.

The booths which line the walls and their attendants are as follows:

Turkish booth, filled with unknown ladies, under the charge of Sultan Uth; fancy work booth, Mrs. Sonderleiter and Miss Clara Niehaus; bicycle booth, in which a fine bicycle is to be raffled off; cake booth, Miss Grim, and "the strong man and woman," which attract a great deal of attention.

Paul Uth appears as Sultan of Turkey. The wheel-of-fortune is conducted by Miss Haselbacher and Mr. Tiller There was an excellent band of music in attendance and a great deal of emulation was aroused among the Germans present to swell the fund to a liberal amount.

The fair will be continued until further notice.

LADIES' RELIEF TO HOLD SALE.

Affair Will Be Held at the Home of Mrs. J. N. Knowles.

The Ladies' Relief Society of Oakland will hold its annual sale of useful and fancy articles for the benefit of the children and aged women under their charge, on Thursday, November 8, at Mrs J. N. Knowles, 1302 Jackson street.

The ladies are working very hard to make the sale a success. The variety of articles will be very great, and the prices at which they will be sold will be within the reach of the purses of different sizes. A great deal depends on the sale, because the Home and the society are doing a great deal of good and will be seriously handicapped without the means necessary to carry them along in their praiseworthy efforts.

SHOWED THE MINISTER

And Got Him in Line.

"In a minister's family in Los Angeles where I was visiting sometime ago, the wife complained of serious indigestion and dyspepsia. She admitted that she used coffee and said she more than half believed that was the trouble. I told her that I knew it was the trouble, for I had gone through with the experience myself and had only been cured when I left off coffee and took up Postum Food Coffee.

"She said she had tried the Postum, both for herself and her husband, but they did not like it. With her permission, I made Postum next morning myself, and boiled it full fifteen minutes after the real boiling of the pot began. Then when it was served, it was a rich, deep brown color and had the true flavor and food value that every Postum maker knows. It is all folly to talk about trying to make Postum with one or two minutes' steeping.

"You can't get something good for nothing. It must be boiled, boiled, boiled, and to keep it from boiling over, use a small lump of butter, perhaps twice the size of a pea. That morning the minister and his wife liked Postum so well that their whole lives were changed on the question of diet and they abandoned coffee at once and for all time.

"Now after a hard day's work, they are comforted, refreshed, and rested by a cup of well-made Postum for supper. They are both enthusiastic in its praise. The wife has entirely recovered from her dyspepsia. I will not go into the details of my own case, except to say that I was a desperate sufferer with dyspepsia and discovered by leaving off coffee that coffee was the cause of it. I quickly got well when I took up Postum Food Coffee. I earnestly hope many more coffee drinkers may get their eyes open." Name and address given by Postum Cereal Co., Ltd., Battle Creek, Mich.

GIRLS WANT MORE EXERCISE.

Y. M. C. A. Will Raise Money for a Fine Gymnasium.

On the evenings of Thursday and Friday the 1st and 2d of November, there will be a unique entertainment at the rooms of the Y. W. C. A. on Webster street, the financial proceeds of which will be applied to the gymnasium fund of the Y. W. C. A. It is the intention of the management to provide among the resources of the home, which is now occupied by a number of ladies, a gymnasium in which the inmates may indulge in invigorating exercise. At the same time, other rooms will be stocked with articles of interest from all parts of the world.

The entertainment proposed will consist of an art loan. It is understood that there will be a great variety of articles loaned by a number of people who are interested in the work of the home.

WILLIAM RYAN TAKES HIS LIFE.

Weary of the Struggle He Shoots Himself at His Home.

William Ryan, a veteran of the Civil War shot and killed himself yesterday afternoon at his residence, 1610 Oxford street, Berkeley.

He had been to San Francisco during the day and shortly after his return a shot was heard in the hall. His son, William, ran in and found his father lying on the floor with a bullet wound in his head.

Death was almost instantaneous. The weapon used was a short barreled Winchester carbine. No cause is known for his act.

Deceased was 79 years of age, a native of Baltimore and was in receipt of a pension for wounds received in the Civil War. He followed the trade of type-founder until age compelled his retirement. He leaves a widow and one son, William H. Ryan. He was a member of Lincoln Post, G. A. R. The remains were removed to the Berkeley morgue.

MARRIED ON SHORT NOTICE.

Mrs. Tremaine is Sorry She is a Soldier's Wife.

Mrs. Blanche Tremaine, who is suing her husband, Jerome Tremaine, to release her from the bonds of matrimony, told the secret of her trouble today in an affidavit upon which she got an order to serve the summons on her recreant spouse by publication.

The unhappy wife's first mistake was in falling in love with a soldier, and her second in marrying him on very short acquaintance. She met Tremaine while the soldiers were passing through here en route for Manila.

She thought she saw in him her affinity, and when he talked marriage she jumped at the offer without taking the consequences into consideration.

Tremaine promised to take his bride with him when he left for the Philippines, but the band played "The Girl I Left Behind Me" when the transport left the dock, and Mrs. Tremaine has been waiting ever since to hear from him.

Mrs. Tremaine wants to resume her maiden name of Bryant.

CHILDREN MAKE A BIG DONATION.

Contribute to Help the Schools of City of Galveston.

In response to the appeal from the Galveston public schools, the school children of Oakland yesterday contributed $622.22 for the relief of the children of the stricken city.

The money will go to the fund to rebuild the schools and to purchase books and supplies.

The collection was made by the principals and teachers of each school. It was explained that whatever amount a child could give would be welcomed. Care was taken to prevent the amount given by any individual class or school from being known. The collections were taken to the office of Superintendent McClymonds and there emptied into one pile without keeping an account of the amount that came from each school. The total was made up of coppers, nickels, dimes, quarters, halves and dollars and a few gold pieces. This collection was from the children exclusively.

Among his pastorates have been the First Church of Oakland, of Alameda and of Berkeley. He was also presiding elder of the San Francisco District. He is now a resident of Alameda. On reaching Bowditch street and Channing way a man who had been following the women suddenly approached and seized Mrs. Keith. Although frightened she turned quickly and cried out "I'll kill you." POISONED BY A PASSION FLOWER

San Francisco Boy Eats Blossoms and Dies in Agony.

Associated Press Dispatches by The Tribune's Special Leased Wire

SAN FRANCISCO, Oct. 25.—Russell Bowen, the 6-year-old son of Mr. and Mrs. R. D. Bowen, ate a few blossoms from a passion flower last night and fell ill, dying in agony this morning. The case is almost without parallel.

In the front yard at the Bowen home passion flowers have bloomed for many seasons. Last evening little Russell was playing in the yard when he innocently plucked some of the blossoms and ate them. Soon afterward he fell sick and it was many hours before the true cause of the illness could be discovered.

Dr. Cleary diagnosed the case as acute poisoning and made heroic efforts to save the child's life, but the little fellow passed away this morning.

BRYAN TALKS IN PHILADELPHIA.

PHILADELPHIA, Oct. 25.—W. J. Bryan arrived in this city at 9:25 this morning from Wilmington, Del., where he spent the night. He was escorted by the Democratic City Committee of Philadelphia. At the Broad street station of the Pennsylvania Railroad a mass of people jammed the big train floor so completely that there was scarcely room for the party to make its way to the street. The streets surrounding the station were also crowded. Mr. Bryan went to a hotel, where he was to rest a couple of hours before beginning his tour of New Jersey.

Thousands crowded Broad street cheering and exhibiting much enthusiasm.

As soon as Mr. Bryan reached the quarters assigned to him the hotel filled with men desirous of meeting him and an impromptu reception began which precluded all thought of rest for the candidate.

Mr. Bryan was escorted from his hotel at 10:30 o'clock to a balcony on the second floor of the Times building. Thousands of people crowded the streets and cheered him. Mr. Bryan was introduced by Colonel M. K. McClure.

YOUNG MEN WILL HOLD MEETING.

EVER THINK?

People who think it strange that the farmers in the Holy Land follow the same customs that prevailed in the time of Ruth and Boaz, look with perfect indifference upon the picture of a housekeeper struggling along with a smoky, coal stove subject to every caprice of the wind that blows down the chimney. This is really funny but the funniest thing about it, is its truth.

Keep up with the procession. Use a gas stove; a gas heater; have a bath for 1½ cents and don't smoke and work your life away. These few words are thrown out merely to set you a thinking.

GREAT RALLY IN EAST OAKLAND.

The Republican Candidates are Given Royal Reception By Seventh Ward Voters.

The Republicans of the Seventh Ward are enthusiastic and decidedly in earnest.

That much was evidenced last night by the rousing turnout at Washington Hall to greet the candidates on the county and legislative ticket and listen to the expounding of prosperity doctrine by some gifted local orators.

The meeting was arranged under the auspices of the Republican County Central Committee.

There have been several other big Republican gatherings over there but each succeeding one apparently outdoes its predecessor in point of size and volume of enthusiasm.

There is a whole lot of hustling young blood among the Seventh warders and when it gets into a campaign in earnest something is always doing.

Preceeding the meeting last night there was an exhibition by the drill corps of the Young Men's Republican League, lots of music, plenty of fire and cheers galore.

Before anything in the line of speechmaking was attempted the crowd yelled itself hoarse by way of greeting to the candidates. There were special cheers for Ben Woolner, "Senator" Lukens, Supervisor Rowe, and Harry Melvin.

The latter acted as chairman of the evening and his selection was a most happy one. He threw extra vim into the meeting by his manner of introducing the speakers. He had a different bouquet for every one of them and never forgot a little josh on the side.

The vice-president were Al Williams and "Teddy" Joste. They were given places of honor on the platform. The band was put away in a corner where it could be heard but not seen and the members of the drill corps were given reserved seats.

The decorations of the hall were by no means an unimportant feature of the meeting. The national colors were everywhere in evidence. The Stars and Stripes were hung in graceful festoons along the sidewalls, flags of red, white and blue formed a canopy over the chairman's platform and streamers of gay colored bunting were stretched from the ceiling to the sides. There were many handsome bouquets of flowers and a full dinner pail hung from every peg.

The first speaker was G. Russell Lukens, candidate for State Senator. He was given a rousing reception. Round after round of cheering greeted him. One yell only died away to be followed by another of greater volume and greater heartiness. It was some minutes before Mr. Lukens was able to raise his voice above the din. Then he had a kind word to say for every candidate on the Republican ticket but only once did he refer to himself and that was when he expressed his thanks to the residents of the Seventh Ward for the reception they had extended him and the encouragement they had given his candidacy.

He said that he heartly approved of such demonstrations as that which confronted him and expressed the hope that there might be many more like it.

After briefly impressing upon the audience the necessity of re-electing McKinley, Mr. Lukens turned his attention to the local ticket referring especially to Dr. N. K. Foster, candidate for the Assembly, and H. D. Rowe, who aspires to represent the district in the Board of Supervisors.

In closing, Mr. Lukens pictured a political cemetery where he saw newly opened graves waiting to receive an Altgeld, a Pettigrew, a Bryan and a Stevenson.

Dr. Foster candidate for the Assembly said the only promise he would make would be to serve his district and the State to the best of his ability if the people honored him by electing him.

The greeting extended Judge Ellsworth was enthusiastic and none the less sincere than that accorded those who preceded him. The Judge had pleasant things to say of Russell Lukens, H. D. Rowe, Dr. Foster, Judge Ogden and all the other loyal Republicans. Incidentally he paid his compliments to a crowd of small boys in the gallery, who seemed to enjoy the distinction of being addressed personally and showed it by vigorous applause. Then the judge declared that he had a constitutional objection to making promises, and remarked that this nearly prevented him from getting married. Finally he concluded by saying: "It's time we frowned down upon independent candidates."

After the band had filled the big hall full to overflowing with music, E. Myron Wolf was introduced as the orator of the evening.

He said that the meeting pleased him so much and his reception so cheerful that it made him feel like moving over to Oakland and running for office.

Mr. Wolf paid his respects to Bryan and Bryanism at frequent intervals during his discourse, and called the Democratic candidate an "utterer of economic half truths." He wondered what history would say of Bryan—he would be regarded as a misguided leader or a political charlatan. Of one thing he was certain, however. Bryan was entitled to distinction as one of the world's greatest inventors. He was the great American inventor of the "paramount issues."

The first part of Mr. Wolf's speech was devoted to a dissection of some of Bryan's prophecies, edition of '96, and queried: "Is the false prophet of '96 to become the true prophet of 1900?" He had thoroughly enjoyed reading Bryan's speeches, and said that "as examples of acrobatic calisthenic mentality they are gems."

The conclusion of the address was taken up with a discussion of the silver question, trusts and imperialism.

W. V. STAFFORD IS ALL RIGHT.

Conductor W. V. Stafford of 914 Kirkham street is all right. Through an error it was made to appear that he had something to do with circulating a story about M. A. Hanna and C. E. Towne.

Mr. Stafford made an affidavit that he heard Towne make a statement that Hanna had offered him, Towne, $100,000 to remain in the Republican ranks in 1896.

Mr. Stafford simply performed a duty he owed the Republican party.

METCALF'S BUREAU IS A SUCCESS.

Converts to Republicanism are Being Made All Over the State.

Dr. H. P. Travers, T. M. Crawford, Harry Newton, F. T. Thompson, Wm. T. Gibbs, Mack Webber, James E. Crane and J. E. Johnston plied the busy pen at the Metcalf Congressional headquarters from 7:30 till 10 o'clock last night, bringing up the accumulated work, so far as the matter had been prepared for addressing, pretty near to date.

One feature of the work of the Bureau involving much unobtrusive labor is the immense correspondence, all of which is, and of course must be, conducted by but one person. Every bit of writing which comes to hand, whether it be simply lists of names or a letter, is acknowledged either by filling in a prepared postal card or by a dictated letter of greater or less length; and notwithstanding the fact that four large mails come in daily, none of it is allowed to go over from one day to another. All sorts of letters are received. Here are samples of some of them, these three coming in the mail which was being opened while THE TRIBUNE representative was present yesterday afternoon. The first is from the superintendent of a mining and milling company at Gold, in Madera county, a Democrat who will support McKinley and Roosevelt this year.

"GOLD, Madera Co., Cal., Oct. 20, 1900.

"Hon. Victor H. Metcalf, Oakland, Cal., Dear Sir:—I have received circular letter from Republican Headquarters Congressional Committee with your signature and desire to say that I will do all in my power to favor the election of the Republican candidate for Congress from this district.

"In previous years I have been identified with the Democratic party, but in the present financial and political conditions of the country I see the necessity of supporting the present Administration in its policy.

"Would be pleased to have some campaign literature which I will distribute. We now have ten men employed.

"Yours very truly,
"W. F. ARAM,
"Superintendent."

This one is from a veteran—one who would be eligible for membership in the "Quarter Century Club" if he only lived in Alameda county, as he has been "a close observer of Presidential elections," as he says, "since 1840." He lives in Amador county:

"IONE, Cal., Oct. 22, 1900.

"Hon. Victor H. Metcalf, Dear Sir:—Your second batch of "Missionary Tracts" received, and I have mailed them to misguided and deluded Democrats who sit astride the fence, looking down on the one side upon China, for something to growl about, and on the other upon the Philippines, for something to kick at.

"I sometimes wonder at the arguments of Democratic speakers, who with one breath proclaim that if we retain the Philippines, capital (that great bugbear), will rush to those Islands and by utilizing cheap labor flood this country with the productions of that wonderfully fertile land, and with the next breath they hold out to the laboring consumers of America that 'free trade' is the one great thing to be desired. If we do not retain the Philippines some other country certainly will take possession of them, and then with Democratic 'free trade,' where will the American laborer get off? And this great whoop and cry of Democratic speakers about imperialism and militarism seems like a comic farce, a schoolboy's play on the credulity of the unthinking. If there is one drop of imperialistic blood coursing in the veins of a native-born American citizen the bearer ought to be paraded as a deformity and a monster. We have an illustration of the heart-throbbings of the American citizen in the prompt enrollment of the young men from both North and South, of the Republican and Democrat alike in our late war with Spain. Where, then, are we to look, under Republican ethics, for imperial possibilities? I have been observing, to some extent, Presidential campaigns since 1840, and I do not remember a single campaign where a party was so put to for tenable argument as the Democrats in this. And then to think of the great contrast between the two candidates. The one at home, sustaining the dignity and decorum of a great nation, while the other, with seductive phrases and the polished blandishments of a Burr is beating about the country, tooting his own horn and endeavoring, seemingly, to beguile and misguide the unthinking into the belief that if McKinley be re-elected he will hang the helmet of the Republic on the dagger of imperialism and turn the plodding pace of the husbandman into the measured stride of the soldier.

"Yours truly,
"JAME McCAULEY."

The following is from a miner, a "wage-earner," evidently, from the fact that at the top of the first page appears "Excuse my bad penmanship, because I am hard at work," and while the spelling, punctuation, capitalizing, etc., indicate that he had not enjoyed the advantages of the schools in early life, his letter shows the good sense and the clear judgment of the American workingman, and has learned well the lessons of that greater school, the school of experience. He writes from a mining camp in Trinity county, as follows:

"MAPLE CREEK MINE, Junction, Trinity Co., Cal., Oct. 19, 1900.

"Victor H. Metcalf, Dear Sir:—In answer to your letter in regard to politics you can rest assured that whatever I can do in the interest of the Republican party I am at all times ready to do. I am called a pretty fair single handed talker and can give you Mr. Charles Swisler, attorney, at Placerville as reference. By election day there will likely be in my employ fifteen to twenty men, and they are men I had last winter and spring. I am sure that the Demopops will vote for prosperity this fall. I have asked a great many Democrats why Bryan has never mentioned his trip to Mexico. When he promised all that he was going to Mexico to study the financial standing there and come back and tell us all about it. I am also surprised at it being overlooked by Republicans. A man came to see me the other day and I got him in an argument and jollied him about Bryan's trip to Mexico, and he admitted it was strange. Then he said, well he is after the trusts and combines, and I asked him what he called a trust or a combine. He said it was where two or three concerns would all join and work together and he said he thought that was a terrible thing to do. I asked him if he was aware of the fact that Bryan was the leading actor in that kind of a deal in the United States. He said no. I asked him if he thought all combines were bad and he said yes. What do you think of this combine—Bryan and the silver party, Bryan-Democratic party, Bryan-Populist party? Yours truly,
"G. SIMMERS."

SENSATIONAL PLAY AT THE MACDONOUGH.

Tomorrow and Saturday nights "The King of the Opium Ring" will be given at the Macdonough. The play met with great success in New York, enjoying a run of six weeks at the Academy of Music. The play is original in conception, and contains many novel and sensational features. The action of the piece takes place in San Francisco and turns on the methods of a desperate gang of opium smugglers. The play is especially strong from a scenic standpoint, and a number of clever vaudeville specialties are introduced. The cast contains several native Chinese, and the company is said to be a strong one.

DEWEY PRODUCTION A SPLENDID SUCCESS.

"A Tale of Two Cities" has proved such a phenomenal success at the Dewey that Manager Stevens has received many requests to continue the play another week. He had made arrangements to produce another play next week, but has taken the matter under advisement. The performance is a most artistic one down to the minutest detail, and no one who admires a strong play admirably acted can afford to miss it. A notable feature is the love scene in the second act between Miss Edna Elsmere and De Witt Clinton, which is a beautiful bit of work.

HIS BROTHER DIED IN THE MOUNTAINS.

If Michael McElroy will call at the police station he will learn of the details of the death of his brother Barney, which occurred at Ohio, Gunnison County, Colorado on October 20. C. H. Mundell writes that Barney was taken ill suddenly and lived less than two days. His trouble was some affliction of the bowels which the local mountain remedies would not relieve. The day before he was taken ill he was at work getting out the timbers for the cellar of his house. He realized his condition just before death and asked Mundell to write his brother in Oakland, California. Mundell also writes that he took the body to Gunnison for interment.

DID NOT MAKE ANY MONEY AT CAPE NOME.

Chris Gustafson, formerly superintendent of the Oakland, San Leandro and Haywards electric road, is en route home from Cape Nome, where he went as representative of a number of Oakland capitalists, including E. B. Stone, A. L. Stone, A. S. McDonald and W. J. Landers. Harry Bates, a nephew of E. B. Stone and Walter Landers, a nephew of W. J. Landers, were with Gustafson, but have arrived home ahead of him. The dredger they took with which to work Nomo beach sand was left there. The trip was not a complete financial success.

JOHN BARRETT TO DELIVER A SPEECH.

Next Tuesday evening one of the important meetings of the Republican campaign will be held, when John Barrett, former Minister to Siam, will address an Oakland audience. This meeting will be under the auspices of the Republican County Central Committee, and John A. Bliss, candidate for the Assembly in the Fiftieth District, will be the chairman of the evening.

PETER CROSBY IS A REPUBLICAN.

HAYWARDS, Oct. 25.—Peter J. Crosby, who has been a life-long Democrat, enrolled himself as a member of the Haywards McKinley and Roosevelt Club at its last meeting. Mr. Crosby gives as his reason a desire to continue the prosperity that has arisen under the McKinley Administration.

The judicial power of the State shall be vested in the Senate, sitting as a court of impeachment, in a supreme court, district courts of appeal, superior courts, justices of the peace, and such inferior courts as the legislature may establish in any incorporated city or town, or city and county.

Sec. 2. The presence of a majority of the justices shall be necessary for the transaction of business (except such as may be done at chambers), and the concurrence of a majority of the justices shall be necessary to pronounce a judgment.

The supreme court shall hold all of its sessions at San Francisco. There shall be three regular sessions each year, beginning on the second Monday in January, May, and September. Special sessions may be held at any time on the order of the chief justice or of three associate justices.

The chief justice and the justice of the supreme court shall be elected by the qualified electors of the State at large at the general State elections at the times and places at which State officers are elected, and the term of office shall be twelve years from and after the first Monday after the first day of January next succeeding their election.

The supreme court shall have appellate jurisdiction direct from the superior court in every action, proceeding or special proceeding where is necessarily drawn in question the validity of a statute, or of an authority exercised under the United States; or where is necessarily drawn in question the validity of the constitution or any statute of or authority exercised under this State on the ground of being repugnant to the constitution or laws of the United States; or where is necessarily drawn in question the validity of any statute or of authority exercised under this State on the ground of being repugnant to the constitution of this State; or where is necessarily drawn in question the legality of any tax, impost or assessment; in all proceedings in exercise of the right of eminent domain; in actions or proceedings for usurpation or intrusion into, or unlawful holding of, a public franchise; also in all criminal actions (on questions of law alone) in which the judgment shall be death or imprisonment for life; and also in all cases in which the fact of the adoption by a city, or of a city and county, of a charter for its own government, or the validity of the same, or any part thereof, or of any authority exercised thereunder, is necessarily drawn in question. It shall also have appellate jurisdiction in every action, proceeding or special proceeding determined by any district court of appeal the record in which may, by order pursuant to the further provisions on these subjects hereinafter contained in this article, be directed to be transmitted to it. It shall also have jurisdiction in every action, proceeding and special proceeding which shall actually have been submitted to it for decision before the organization of the district courts of appeal established by this amendment, and of every pending cause which shall not be transferable to the district courts of appeal as hereinafter provided. And in all cases in which the supreme court shall acquire jurisdiction it shall have further jurisdiction to decide all questions properly presented on the record, whether or no they be such as of themselves would entitle the court to take jurisdiction of the cause.

Sec. 3. The State is hereby divided into three appellate districts, in each of which there shall be a district court of appeal, consisting of three justices. There shall in each year be four regular sessions of each district court of appeal, commencing on the second Monday in February, May, August and November. Special sessions may be held at any time upon the order of the court.

The first appellant district shall embrace the following counties: San Francisco, Marin, Contra Costa, Alameda, San Mateo, Santa Clara, Santa Cruz, Monterey, and San Benito. The official designation of the district court of appeal in this district shall be "The Court of Appeal of the State of California in and for the First District," and it shall hold its sessions at the city and county of San Francisco.

The second appilate district shall embrace the following named counties in the State, Fresno, Tulare, Kings, San Luis Obispo, Kern, Inyo, Santa Barbara, Ventura, Los Angeles, San Bernardino, Orange, Riverside and San Diego. The official designation of the district court of appeal for this district shall be "The Court of Appeal of the State of California in and for the Second District," and the court shall hold its sessions at the city of Los Angeles.

The third appellate district shall embrace the following named counties: Del Norte, Siskiyou, Modoc, Humboldt, Trinity, Shasta, Lassen, Tehama, Plumas, Mendocino, Lake, Colusa, Glenn, Butte, Sierra, Sutter, Yuba, Nevada, Sonoma, Napa, Yolo, Placer, Solano, Sacramento, El Dorado, San Joaquin, Amador, Calaveras, Stanislaus, Tuolumne, Alpine, Mono, Mariposa, Madera, and Merced. The official designation of the district Court of Appeal of the State of California in and for the Third District," and the court shall hold its sessions at the city of Sacramento.

The legislature may remove one or more counties from one appellate district to another, but no county not contiguous to another county of a district shall be added to such district.

The justices of the district courts of appeal shall be elected by the qualified electors within their respective districts at the general State elections at the times and places at which State officers are elected, and the term of office shall be twelve years from and after the first Monday after the first day of January next succeeding the election; provided, that on or before the first day of January after this amendment takes effect the governor shall appoint three justices for each district court of appeal, to hold office until qualification of justices to be elected at the next succeeding general election. The justices of each district court of appeal so elected at the first election shall, at their first meeting, so classify themselves, by lot that one of them shall go out of office at the end of four years, one at the end of eight years and the third at the end of twelve years. An entry of such classification shall be made in the minutes of the court signed by them, and a duplicate thereof shall be filed in the office of the secretary of State.

If a vacancy occur in the office of a justice of the district court of appeal the governor shall appoint a person to hold the office until the election and qualification of a justice to fill the vacancy. Such election shall take place at the next succeeding general election at which State officers are elected, and the justice so elected shall hold the office for the remainder of the unexpired term.

The justices of each of the district courts of appeal shall elect one of their number as a presiding justice. The presence of three justices shall be necessary for the transaction of any business by such court, and the concurrence of two justices shall be necessary to pronounce a judgment.

Whenever any justice of the supreme court is for any reason disqualified or unable to act in a cause pending before it, the remaining justices may select one of the justices of a district court of appeal to act pro tempore in the place of the justice so disqualified or unable to act. Whenever any justice of a district court of appeal is for any reason disqualified or unable to act in any cause pending before it the chief justice may appoint a judge of a superior court, who has not acted in the cause in the court below, to act pro tempore in the place of the justice so disqualified or unable to act. A justice of one district court of appeal may at any time sit as a justice pro tempore in any other district court of appeal upon the written request of any justice of said court; every justice, pro tempore of the supreme court or of the district court of appeal, while acting as such, shall have the same power and authority as the justice of such court.

The several district courts of appeal shall have appellate jurisdiction in every civil action, proceeding and special proceeding commenced and determined (on questions of law alone) in every criminal action prosecuted by indictment or information in the superior courts within their several appellate districts, excepting only those actions, proceedings or special proceedings in which an appeal direct to the supreme court from the superior courts is expressly allowed by this article. The statutes now in force allowing, providing for and regulating appeals to the supreme court shall apply to appeals to the district courts of appeal so far as consistent with this article until the legislature shall make provisions for appeals to said courts.

The judgments and decrees of the district courts of appeal shall be final in all causes embraced within their appellate jurisdiction, except in the following cases:

In any cause decided by a district court of appeal, if the decision of such court of appeal conflicts with a previous decision of the supreme court, or if another district court of appeal, the supreme court shall, upon petition to be filed within thirty days after entry of judgment in the district court of appeal, order the cause to be heard by the supreme court, and thereupon the record shall be transmitted to the supreme court, which shall hear and determine the cause.

The supreme court, or any justice thereof, shall have power to issue writs of habeas corpus, and the supreme court shall have power to issue writs of mandamus certiorari, and prohibition to the district courts of appeal, and shall likewise have power to issue all writs, orders, and process necessary or proper to the complete and effectual exercise of its appellate jurisdiction. It shall also have power to issue writs of mandamus, certiorari, and prohibition in any matter affecting a State, congressional or presidential election. The district courts of appeal shall have power to issue within their respective districts writs of mandamus, certiorari, prohibition, quo warranto, and habeas corpus, and shall likewise have power within such districts to issue all writs and orders necessary or proper to the complete and effectual exercise of their appellate jurisdiction. Each justice of the district courts of appeal shall have power to issue writs to habeas corpus to any part of the appellate district in which he sits, and any such writ may be made returnable before the justice who issued it, or the court from which it was issued, or any justice thereof, or before any lower court of record, or before any judge thereof.

Unless oral argument be waived by the parties with the consent of the Court every cause and matter in the supreme court and in any district court of appeal (except such applications as may be made ex-parte) shall be orally argued by the parties or their counsel in open court; but this shall not prevent the court from requiring that the points to be argued and considered, together with a list of authorities to sustain such points, shall be printed and filed before a cause is taken up for argument. Not more than twenty cases (except ex-parte applications) shall be under submission for decision at any one time in the supreme court or in any district court of appeal. All decisions of the supreme court and of the district courts of appeal shall be given in writing and the grounds of the decision shall be stated. A remittitur or mandate must issue on every judgment of said courts on or before the expiration of thirty days after the rendition thereof.

Sec. 4. The supreme court shall, upon the organization of the district courts of appeal, transfer to them respectively any causes then pending in the supreme court and which have not been heard as are within the class of causes over which such district courts have appellate jurisdiction; and upon such transfer the district courts of appeal shall have full jurisdiction to hear and determine the same.

Sec. 10. Justices of the supreme court, of the district courts of appeal, and judges of the superior courts may be removed by concurrent resolution of both houses of the legislature, adopted by a two-thirds vote of each house. All other judicial officers except the justices of the peace may be removed by the senate on the recommendation of the governor; but no removal shall be made by virtue of this section unless the reasons therefor be entered on the journal, nor unless the party complained of has been served with a copy of the complaint against him and shall have had an opportunity of being heard in his defense. On the question of removal the ayes and noes shall be entered on the journal.

Sec. 12. The supreme court, the district courts of appeal, the superior courts, and such other courts as the legislature may prescribe, shall be courts of record.

Sec. 14. The county clerks shall be ex-officio clerks of the courts of record in and for their respective counties or cities and counties. The legislature may also provide for the appointment by the several superior courts of one or more commissioners in their respective counties or cities and counties with authority to perform chamber business of the judges of the superior courts, to take depositions, and perform such other business connected with the administration of justice as may be prescribed by law.

Sec. 16. The legislature shall provide for the speedy and uniform publication of such opinions of the supreme court and of other district courts of appeal as may be ordered by said courts respectively, and all such opinions shall be free for publication by any person.

Sec. 17. The justices of the supreme court, of the district courts of appeal, and the judges of the superior courts shall severally, at stated times during their continuance in office, receive for their services a compensation which shall not be increased or diminished after their election nor during the term for which they shall have been elected. The salaries of the justices of the supreme court, of the district courts of appeal and of the judges of the superior courts shall be paid by the State. Unless otherwise changed by the legislature the annual salaries of the justices of the supreme court and of the district courts of appeal shall be six thousand dollars each. Unless otherwise changed by the legislature the judges of the superior Court shall receive an annual salary as now provided by law.

Sec. 18. The justices of the supreme court, of the district courts of appeal, and the judges of the superior courts shall be ineligible to any other office or public employment than a judicial office or employment during the term for which they shall have been elected.

Sec. 21. The supreme court shall appoint a clerk of that court, but the present clerk of the court shall hold office until the expiration of his term of office; a phonographic reporter, and a bailiff, who shall severely hold his office and be removable at the pleasure of the court. Each district court of appeal shall appoint a clerk, phonographic reporter and a bailiff, who shall severally hold his office and be removable at the pleasure of the court by which he is appointed. The supreme court shall appoint a reporter of decisions, who shall appoint an assistant reporter for each of the district courts of appeal. All of said officers shall hold office and be removable at the pleasure of the supreme court. The decisions of the district courts of appeal shall be published in the same volumes with the opinions of the supreme court under the same general title of California Reports; and all statutes in relation to the publication of the opinions of the supreme court shall be deemed to apply to the publication of the decisions of the district courts of appeal.

Sec. 22. No one shall be eligible to the office of a justice of the supreme court, or of a district court of appeal, or of a judge of a superior court, unless he shall have been admitted to practice before the supreme court of the State.

Sec. 24. GOING TO MEXICO ?

The Southern Pacific Company will run a Special Train of Pullman Sleeping Cars from San Francisco to the City of Mexico, leaving on Wednesday, November 14th, and passing Los Angeles on the following day.

The round trip rate from San Francisco will be $80; from Los Angeles, $70, and proportionate rates from other points.

It is calculated that the excursion will require about 30 days, but tickets will be good for 60 days, so that those who wish may prolong their visit. Very complete arrangements are provided for side trips. Mexico is famous for its strange, quaint and curious attractions, but unfortunately not all of them are found on the main avenues of travel. They can be visited at small cost, and should not be omitted.

The Excursion will be in charge of Wm. H. Menton, Excursion Passenger Agent of the Southern Pacific, who is familiar with Mexico, speaks its language, and will cheerfully give all desired information to inquirers. Go and see or address him at 613 Market Street, San Francisco, Cal., or M. DE CORA, S. P. Co. Agent at Seventh and Broadway, Oakland.
